

Junior Researcher

Posted: September 14, 2017

Closing: October 15, 2017

Do you have a background in research and are looking for an opportunity to make a difference with your work? This might be the job for you!

The person we are seeking will have at least 1-3 years of relevant professional experience and will undertake a variety of assignments and projects in support of our research and operations. Excellent communication and organizational skills are a must, as is a good understanding of research methodologies and ethics.

Salary and benefits are competitive and negotiable.

Mandatory Qualifications and Experience

- 1-3 years of professional experience in an environmental research position
- A minimum of a Bachelor's degree in a related field (environmental sciences, environmental planning, resource management)
- Good understanding of qualitative and quantitative research methodology best practice
- Familiar with Indigenous issues and history in Canada
- Familiar with environmental issues in Canada
- Ability to work within a fast-paced, dynamic environment
- Excellent oral and written communication skills
- Exceptional attention to detail and organizational skills
- Fluency with Microsoft Office, including Excel and Word
- Financial, funding application and coordination skills
- Thrives in a team setting, accepts responsibility and works to deadlines
- Entrepreneurial spirit, including an interest in relationship-based approaches to business development

Asset Qualifications

Professional experience and/or understanding of:

- Environmental assessment regulations and practices
- Professional facilitator training
- Geographic Information Systems (GIS) software
- Land use planning in rural / remote parts of Canada
- Working directly for or with First Nation, Metis and/or Inuit communities or organizations in Canada
- Working as a consultant
- Working with Indigenous knowledge (aka "traditional knowledge") and land use and occupancy research
- Multimedia story-telling
- Creative facilitation approaches

Human Resources Manager, Shared Value Solutions

HR@sharedvaluesolutions.com

Timeline

We will be accepting applications until October 15, 2017. Late applications may be considered.

About Shared Value Solutions

Shared Value Solutions (SVS) has an unshakable commitment to a land where all peoples can reach their full potential, share prosperity, and uphold their rights. We believe all of this begins and ends with healthy lands and waters.

SVS is a small, rapidly growing 20-person environmental and community development consulting firm located in Guelph, Ontario, Canada, that works primarily for Indigenous clients. The position will involve some travel across Canada and to northern communities.

We assist Indigenous and non-Indigenous communities and private sector companies in coming together to create shared value for all parties involved. Our values are to “have fun, make money, do good, and do good work”. For more information: www.sharedvaluesolutions.com and www.facebook.com/SharedValueSolutions.
