

We have an unshakable commitment to a land where all peoples can reach their full potential, share prosperity, and uphold their rights. All of this begins and ends with healthy lands and waters. In the spirit of collaboration, respect and friendship, we work alongside visionary leaders and their communities to fulfill these commitments.

SHARED VALUE SOLUTIONS CLIMATE CHANGE SERVICES

Climate change is a real and present concern disproportionately affecting Indigenous Nations from coast to coast to coast. Our team at Shared Value Solutions works with First Nation, Métis and Inuit Nations on many crucial aspects of climate change resilience:

- Climate change adaptation plans
- Climate change risk assessments
- Flood vulnerability modelling studies
- Emergency response planning
- Indigenous Knowledge studies
- Environmental monitoring programs

For us, it's all about capacity building with our clients. We want to ensure you have the tools and understanding needed to respond to the impacts of climate change.

FUNDING

is now available through the Municipal Climate Change Action Centre for climate resilience adaptation and training for Indigenous communities.

Shared Value Solutions, in partnership with Morrison Hershfield and Nodelcorp, is a prequalified contractor ready to support your application.

WHY CHOOSE SVS?

Our team provides a unique perspective from all the angles necessary to support you in the Climate Resilience Capacity Building Program:

- **Local experience:** A strong knowledge of specific and nuanced climate change impacts faced by Indigenous Peoples in Alberta.
- **Engagement expertise:** A clear understanding of how Indigenous Peoples expect to be engaged and how to develop creative and innovative approaches to engagement.
- **Capacity expansion:** As with every project we do, we are committed to building the skills and capacity you need to address climate change.
- **In-house experts:** Environmental monitoring and advisory services, Indigenous Knowledge studies, GIS and mapping, lands department support, regulatory support, and community planning.
