# LANDS AND CONSULTATION DEPARTMENT SERVICES

A lands department plays a crucial role in protecting your Nation's Rights and lands in the face of development while furthering the prosperity of your people. Our team can help you build your lands and consultation department into a well-oiled machine that hums with the knowledge it is effectively protecting what matters most to your Nation —and supporting your economic development goals. Here's how:

### Lands and Consultation Department Set Ups and Tune-ups

From systems to screen and prioritize consultation requests to roles and responsibilities, communication, workflows, and funding sources, we work with you to design or improve a structure you can build on and sustain.

### Remote Contract Lands and Consultation Department

**Under the direction of** your leadership team, we can take care of managing all — or parts — of your department to achieve the best outcomes on reserve and territory wide. Short — or longer — term options available.

### Custom Information Management Solutions

Intuitive software dashboards and tracking solutions make staying on top of your active files simple — helping you strengthen referral response. What's more, all your important documents — GIS and values data, lands management data, agreements and more — are organized, accessible, and secure.

## EXPANDING CAPACITY IS ALWAYS PART OF THE PLAN

We take the goal of working ourselves out of a job seriously at SVS. From needs assessments and training plans to hands-on learning and mentoring, we build your team and your department for an independent and sustainable future.

**WHY CHOOSE SVS?**

Our team provides a unique perspective from all the angles necessary to support you in building and running an effective lands and consultation department.

**Relationships First:** It’s all about building long-term, trusting relationships. We take the time to learn your goals, values, needs, culture, and concerns, and work closely with you throughout every project we do together.

**Leverage the Duty to Consult:** We know the duty to consult — and how to leverage the regulatory process to support the best outcomes for your Nation in negotiation and consultation with proponents, the Crown, or regulators.

**In-house Experts:** We are your on-demand expert backbench! Our team of lands management experts, environmental scientists, regulatory specialists, planners, and social researchers work together to help you achieve your goals.

**ABOUT SHARED VALUE SOLUTIONS**

Shared Value Solutions is an environmental and community development consulting firm with staff in Alberta, British Columbia, Yukon, Labrador, Ontario, and New Brunswick. We have worked with over 80 First Nations, Métis, and Inuit Nations on community planning and development, lands management, socioeconomic planning, climate change planning, and on major projects that impact territories, Rights and interests, such as oil and gas, power generation and transmission, mining, dams, roads, pipelines, renewable energy, fisheries, forestry, flood management, and contaminated sites.

For us, it’s all about capacity building with our clients. We want to ensure you have the tools and understanding needed to respond to threats and to opportunities.
