

## PROTECTING WATER FOR THE SEVEN GENERATIONS

## SHARED VALUE SOLUTIONS WATER RESOURCES ENGINEERING

Water is the lifeblood of our earth. The care of this precious resource is in our hands. Protecting your Nation's waters is a crucial part of upholding your Indigenous Rights and supporting community well-being. Our Indigenous-Led Water Resources Team strives to understand your Nation's unique needs and values so that we can walk alongside you in protecting your waters for the seven generations.

We are not like other engineering firms. We believe in a collaborative, Two-Eyed Seeing approach for all of our projects. Join us for a cup of tea and you'll feel the difference.

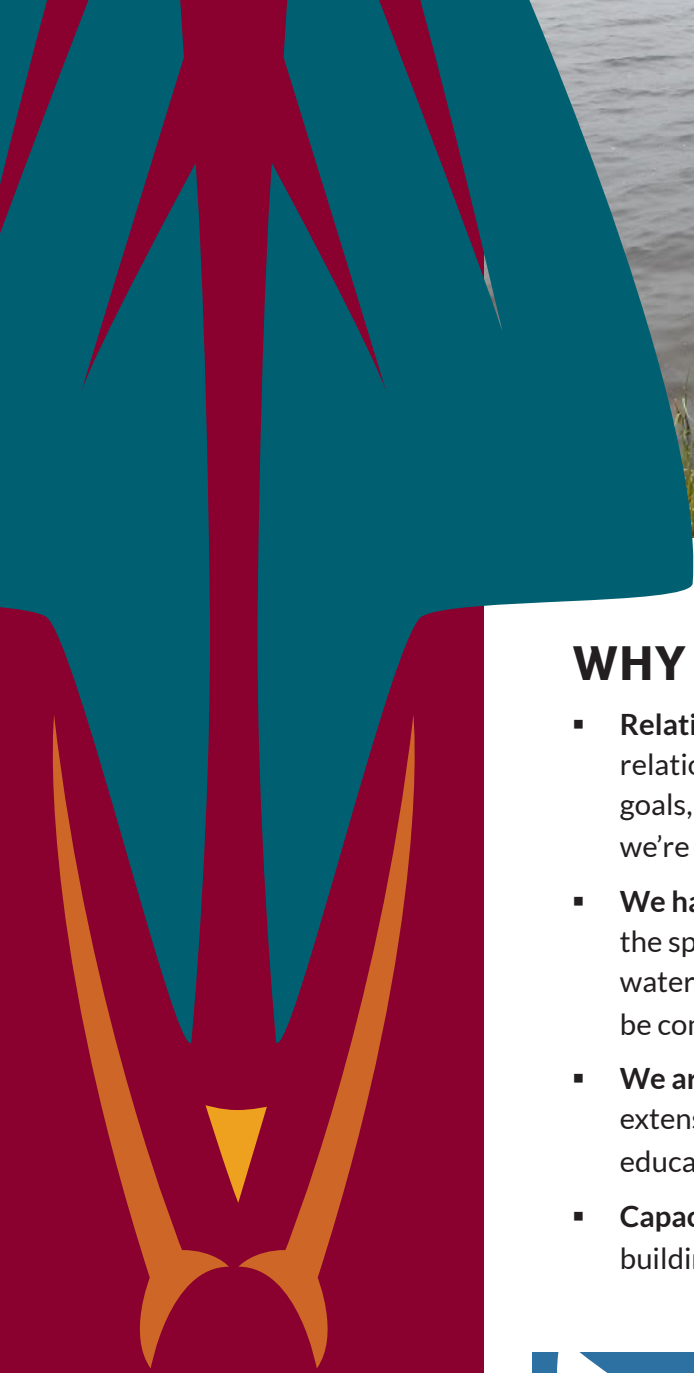

### SERVICES:

- Flood Mapping and Modelling
- Source Water Protection Plans
- Technical Reviews
- Surface and Groundwater Quality and Quantity Monitoring
- Climate Change Adaptation Planning
- Capacity Building and Mentorship

## FUNDING

Creative and financially stable funding for Water Protection exist—if you know where to look.

Share your vision and we will help you find solutions to bring your plans to life!

## WHY CHOOSE SVS?

- **Relationships First:** Its all about building long-term, trusting relationships. We spend time out on the land with you to learn your goals, values, needs, culture, and concerns. You know what's important—we're here to support.
- **We have an Indigenous-Led Water Resources Team:** We understand the spirit and power of water and are invested in it's protection. As water protectors, we believe the care of this precious resource should be community-led.
- **We are experts:** Our team of engineers and specialists have worked extensively in water protection and conservation. We have the education and the practical experience.
- **Capacity Expansion:** As with every project we do, we are committed to building the skills and capacity you need to address your goals.

## ABOUT SHARED VALUE SOLUTIONS

Shared Value Solutions is an environmental and community development consulting firm with staff in Ontario, Quebec, Nova Scotia, Saskatchewan, Alberta and British Columbia. We have worked with over 80 First Nations, Métis, and Inuit on cultural heritage, climate change, environmental and energy planning, and on major projects that impact territories and rights and interests, such as oil and gas, power generation and transmission, mining, dams, roads, pipelines, renewable energy, fisheries, forestry, flood management, and contaminated sites.

**WATER SUPPORTS  
ALL LIFE.  
WATER IS NOT A  
COMMODITY.**
